

applySettings

setup

DevLab_ICM20948::setGyro
DivRate

```
graph LR; A[applySettings] --> C[DevLab_ICM20948::setGyro DivRate]; B[setup] --> C;
```

The diagram illustrates two functions, 'applySettings' and 'setup', both of which call the 'DevLab_ICM20948::setGyro DivRate' method. The 'applySettings' box is positioned above the 'setup' box, and both have blue arrows pointing to the target method box on the right. The target box is shaded gray and contains the text 'DevLab_ICM20948::setGyro' on the top line and 'DivRate' on the bottom line.
